

IT Professional Technical Services Master Contract Program T#:902TS

Statement of Work (SOW) For Technology Services Issued By

Ramsey County Information Services

Project Title: PeopleSoft Staff Augmentation

Service Categories: Data Administration or Database Design/Architect

Business Need

Ramsey County Information Services is in need of an individual to augment their existing technical staff. The Contractor shall provide an Oracle PeopleSoft Administrator/Developer with expert skills, to provide support for the County's PeopleSoft systems. This person is needed full time for approximately 6 months and will report the County's PeopleSoft System manager.

Project Deliverables

Vendor must be able to assign one individual to work full time for the duration of this project whose duties will include:

- Designing application systems, modules, and enhancements for PeopleSoft ERP Financial and HCM applications.
- Writing PeopleSoft application program code by implementing the design according to departmental programming standards and design specifications.
- Testing and debugging programs and systems by analyzing them to determine likely problem areas, constructing and using sample data to test programs or systems failures, utilizing testing tools for regression testing when appropriate, and rewriting or redesigning programs or systems to correct such failures.
- Analyzing customer departments' functions, work flows, goals and information needs in accordance with recognized principles of systems analysis; evaluates customer departments' information methods, procedures and paperwork practices in order to establish the necessary information base required for the design, implementation and maintenance of appropriate, and sometimes highly complex, information systems.
- Overseeing the design, implementation and maintenance of information systems best suited to the operational needs of County departments by coordinating, scheduling and supervising systems development from initial consultations with customers through design, programming, testing, troubleshooting, implementation, and documentation.
- Assisting staff and outside users with difficult applications problems; and responds to and resolves end user technical problems regarding software performance and capabilities.
- Working with customers, Database Administrators, and Technical Services staff to troubleshoot production problems. Corrects production problems by analyzing programs or systems to determine and correct the cause and all effects of the malfunction; changes programs and systems to prevent recurrence and to eliminate the effects of problems to include altering incorrect files, modifying existing computer systems and schedules, writing and running special programs and consulting with customer department personnel, and/or technical experts;

evaluates the system to determine that all corrections have been properly made with no unanticipated and undesirable side effects

- Using SQL or other query tools to identify and correct problems with data and/or software.

Project Milestones and Schedule

The contracted individual will work with existing County support staff full time for the remainder of 2013 or approximately 6 months. This is staff augmentation and consists of day to day system administration and maintenance.

Project Environment

Ramsey County has been utilizing PeopleSoft Financial system since January 1999 and HR/Payroll since 2001. The County support staff provides production support, break-fix, enhancements, apply Oracle patches, participate in upgrades, and responds to help desk requests. Potential after regular business hours support would be required of this staff augmentation.

Agency Project Requirements

Project work location will be the Ramsey County Information Services department located at 121 7th Place E., Suite 2300, St. Paul, MN 55101. General business hours are Monday through Friday, 8:00am to 4:30pm, with the potential of afterhours support.

Tom Oertel, Ramsey County Information Services

121 7th Place E., Ste 2300

St. Paul, MN 55101

tom.oertel@co.ramsey.mn.us

General Requirements

Proposal Contents

By submission of a proposal, Responder warrants that the information provided is true, correct and reliable for purposes of evaluation for potential award of this work order. The submission of inaccurate or misleading information may be grounds for disqualification from the award as well as subject the responder to suspension or debarment proceedings as well as other remedies available by law.

Liability

Indemnification

In the performance of this contract by Contractor, or Contractor's agents or employees, the contractor must indemnify, save, and hold harmless the State, its agents, and employees, from any claims or causes of action, including attorney's fees incurred by the state, to the extent caused by Contractor's:

- 1) Intentional, willful, or negligent acts or omissions; or
- 2) Actions that give rise to strict liability; or
- 3) Breach of contract or warranty.

The indemnification obligations of this section do not apply in the event the claim or cause of action is the result of the State's sole negligence. This clause will not be construed to bar any legal remedies the Contractor may have for the State's failure to fulfill its obligation under this contract.

Disposition of Responses

All materials submitted in response to this SOW will become property of the State and will become public record in accordance with Minnesota Statutes, section 13.591, after the evaluation process is completed. Pursuant to the statute, completion of the evaluation process occurs when the government entity has completed negotiating the contract with the selected vendor. If the Responder submits information in response to this SOW that it believes to be trade secret materials, as defined by the Minnesota Government Data Practices Act, Minn. Stat. § 13.37, the Responder must: clearly mark all trade secret materials in its response at the time the response is submitted, include a statement with its response justifying the trade secret designation for each item, and defend any action seeking release of the materials it believes to be trade secret, and indemnify and hold harmless the State, its agents and employees, from any judgments or damages awarded against the State in favor of the party requesting the materials, and any and all costs connected with that defense. This indemnification survives the State's award of a contract. In submitting a response to this RFP, the Responder agrees that this indemnification survives as long as the trade secret materials are in possession of the State.

The State will not consider the prices submitted by the Responder to be proprietary or trade secret materials.

Conflicts of Interest

Responder must provide a list of all entities with which it has relationships that create, or appear to create, a conflict of interest with the work that is contemplated in this request for proposals. The list should indicate the name of the entity, the relationship, and a discussion of the conflict.

The responder warrants that, to the best of its knowledge and belief, and except as otherwise disclosed, there are no relevant facts or circumstances which could give rise to organizational conflicts of interest. An organizational conflict of interest exists when, because of existing or

planned activities or because of relationships with other persons, a vendor is unable or potentially unable to render impartial assistance or advice to the State, or the vendor's objectivity in performing the contract work is or might be otherwise impaired, or the vendor has an unfair competitive advantage. The responder agrees that, if after award, an organizational conflict of interest is discovered, an immediate and full disclosure in writing must be made to the Assistant Director of the Department of Administration's Materials Management Division ("MMD") which must include a description of the action which the contractor has taken or proposes to take to avoid or mitigate such conflicts. If an organization conflict of interest is determined to exist, the State may, at its discretion, cancel the contract. In the event the responder was aware of an organizational conflict of interest prior to the award of the contract and did not disclose the conflict to MMD, the State may terminate the contract for default. The provisions of this clause must be included in all subcontracts for work to be performed similar to the service provided by the prime contractor, and the terms "contract," "contractor," and "contracting officer" modified appropriately to preserve the State's rights.

IT Accessibility Standards

Responses to this solicitation must comply with the Minnesota IT Accessibility Standards effective September 1, 2010, which entails, in part, the Web Content Accessibility Guidelines (WCAG) 2.0 (Level AA) and Section 508 Subparts A-D which can be viewed at:

http://www.mmd.admin.state.mn.us/pdf/accessibility_standard.pdf

Nonvisual Access Standards

Nonvisual access standards require:

- 1) The effective interactive control and use of the technology, including the operating system, applications programs, prompts, and format of the data presented, are readily achievable by nonvisual means;
- 2) That the nonvisual access technology must be compatible with information technology used by other individuals with whom the blind or visually impaired individual must interact;
- 3) That nonvisual access technology must be integrated into networks used to share communications among employees, program participants, and the public; and
- 4) That the nonvisual access technology must have the capability of providing equivalent access by nonvisual means to telecommunications or other interconnected network services used by persons who are not blind or visually impaired.

Preference to Targeted Group and Economically Disadvantaged Business and Individuals

In accordance with Minnesota Rules, part 1230.1810, subpart B and Minnesota Rules, part 1230.1830, certified Targeted Group Businesses and individuals submitting proposals as prime contractors will receive a six percent preference in the evaluation of their proposal, and certified Economically Disadvantaged Businesses and individuals submitting proposals as prime contractors will receive a six percent preference in the evaluation of their proposal. Eligible TG businesses must be currently certified by the Materials Management Division prior to the solicitation opening date and time. For information regarding certification, contact the Materials Management Helpline at 651.296.2600, or you may reach the Helpline by email at mmdhelp.line@state.mn.us. For TTY/TDD communications, contact the Helpline through the Minnesota Relay Services at 1.800.627.3529.

Veteran-Owned Preference

In accordance with Minn. Stat. § 16C.16, subd. 6a, (a) Except when mandated by the federal government as a condition of receiving federal funds, the commissioner shall award up to a six percent preference on state procurement to **certified small businesses** that are **majority-owned and operated by**:

- (1) recently separated veterans who have served in active military service, at any time on or after September 11, 2001, and who have been discharged under honorable conditions from active service, as indicated by the person's United States Department of Defense form DD-214 or by the commissioner of veterans affairs;
- (2) veterans with service-connected disabilities, as determined at any time by the United States Department of Veterans Affairs; or
- (3) any other veteran-owned small businesses certified under section [16C.19](#), paragraph (d).

In accordance with Minn. Stat. § 16C.19 (d), a veteran-owned small business, the principal place of business of which is in Minnesota, is certified if it has been verified by the United States Department of Veterans Affairs as being either a veteran-owned small business or a service disabled veteran-owned small business, in accordance with Public Law 109-461 and Code of Federal Regulations, title 38, part 74.

To receive a preference the veteran-owned small business must meet the statutory requirements above by the solicitation opening date and time.

If you are claiming the veteran-owned preference, **attach documentation, sign and return the Veteran-Owned Preference Form with your response to the solicitation.** Only eligible veteran-owned small businesses that meet the statutory requirements and provide adequate documentation will be given the preference.
